

AI1104: Programming for AI, Spring/Summer 2021 (56)
Indian Institute of Technology Hyderabad
Suggested Project Topics from Kaggle Contests

1. COVID-19 classification using chest X-rays. Dataset.
2. Rainfall prediction. Dataset.
3. Modeling COVID-19 daily cases in India. Dataset.
4. Recommendation system. Dataset.
5. Handwritten digit classification system. Dataset.
6. Simple speech recognition system. Dataset.
7. House price prediction dataset. Dataset.
8. Natural language processing with disaster tweets. Dataset.
9. Surviving the Titanic shipwreck. Dataset.
10. Petal image classification. Dataset.
11. Molecular activity detection. Dataset.
12. Sentiment analysis. Dataset.
